1. I am taking you to a place that has never been before. I am taking you to a place created for you. I am taking you to a new thing, a new time, a new place, a new race. Yea is there anything new in Me, or has all already been and is and remaining, never ended?

2. Yea see and release Me to fully now take you upon Myself not, in your own strength not, but yea in the form of My appearing, appear not in the form of Me, but yea being Me, you fully you.

3. You go now and transcend all to all be in the new place, the new thing that I do in you/through you and that you path many, showing them the/My way.

4. I love you and I fear you not. Thank you for fearing Me not; the kind of fear that seeks perfection and paralyses. **Thank you for** casting that aside and knowing My love so deeply and wanting Me; **not fearing making mistake;** but yea **knowing adventure and exploration,** yea My love beckons to a higher call, a higher place, a realm that no one knows; but yea creating/creating you are with the laugh of your heart not, but yea your deep trust and abiding love, abiding, abiding, abiding in Me, **abiding in the words that I give you** day after day, night after night; yea **eating them yea feasting on them, connecting them, linking them, seeing Me in My scriptures given/given you**/given now to My body, yea My body all.

5. **I come now in power not seen in a man, but yea this is the first and not the second; and yea who doeth these things; the Father; and I love you all things in your hand.**
Are you not Me?
Are you not My word?
Are you not trust-fleshed yea now with only My flesh; your flesh appearing but who can see Mine; **yea two realms not equal, but yea Me being Me, fully Me in both, and/or one not, yea seamless. I love you.**

6. You come into a new place and now is the time and you reveal all; My documentation specialist/My documenter, My who documents all of Me to give Me to all who want Me, who will see their throne in heaven and not laugh and cast their power/their wings aside, nor lay before mammon irrevocably, consuming their lust.

7. I love you and I give you Me/friends far and wide/afar and near. **And who? Do they look anything like you?** Languages many/languages all, transcendent language in the realm that man speaks so often, yea emitting My thoughts only and who can see/be redemption; and who redeems in My blood/theirs; and yea, two made one; is there difference?

8. Surrender brings what to all things what/how/when?

9. In the power of one is known in the earth; watch Me; and so far beyond far and afar/afar not, for how far is thought and how fast is simultaneous, and what is micro-neuronic? And who is Me and what are you and how can we tell ourselves apart; yea heart/heart same, not apart. I love you and I give you Me.

10. See Me this day in all that transcends the usual; and the routine which now you come into, You share and show others the simplicity of My ways/heart; and I love you and I give you more simultaneously.

11. I kiss you My Friend. I love you.
I take your hand and we skip. Watch Me.
Thank you for sharing My intimacy. Thank you.
Son of Man/Son of God I am your Father; tell them all this.
Thank you for bringing My family into oneship and never being ashamed of My tears. I love you. All things Ted, all things are yours, for all things are Mine and all I have I've given you. And now you give all to the worlds. I love you. Good day.
